

Bladder Accumulator - High Pressure (EHV) - (Europe)

Part #: 10837101125

EHV Type: EHV 20-330/90-A25GA-200

Maintenance and Accessory items:

Complete Repair Kit: 19029000225

Clamp D226: 20251503648

Bracket CE159A: 20109003620

Mounting Frame EF2: 20217600125

Lifting eye: 10912700200

Technical Specifications

Elastomer Material:	Standard (-20°C to 100°C) Nitrile - Mix 25 bladder and rings
Additional Options:	48 Hour dispatch Time
Product Series:	EHV
Certificates:	PED 2014/68/EU
Body Material:	Carbon Steel Shell and fluidport
Product Type:	EHV 20-330/90-A25GA-200
Gas Valve Type (Inch):	5/8" 18 UNF (Model A)
Gas Volume:	17.8 L
Body Material:	Carbon Steel Shell and fluidport
For Fluid Type:	Group 2
Fluid Port Connection (inch):	G2" (max flow rate 900 L/min)

Minimum Operating Temperature:	-20 °C
Maximum Flow Rate:	900 L/min
Maximum Operating Temperature:	80 °C
Weight:	49 kg
Height:	897 mm
Diameter:	226 mm
Industry:	Industrial, Energy, Marine & Mobile
Accessories Included:	Repair Kits, Clamps, Brackets, Lifting Eyes and Mounting Frames
Application:	-
Nominal Volume (l):	20
Maximum Operating Pressure (bar):	330 bar (PED)
